Financial Policy

Pelvic Wellness Center thanks you for choosing us to be part of your health care. We have a strong commitment to ensure your experience with us meets your needs. We ask that you please take a few moments to review our financial policy in hopes to minimize any miscommunications or misunderstandings regarding your financial obligations.

INSURANCE

As a courtesy to our patients, we will submit claims for you unless our clinic is considered "out of network". If our clinic is "out of network" we will supply you with a superbill so you able to submit for reimbursement upon request.

We will verify your insurance. We cannot guarantee the accuracy of the information we receive from your insurance carrier, nor is it a guarantee of payment. You should contact your insurance company directly with specific questions regarding your policy. Your insurance is a contract between you and your insurance company. You are ultimately responsible for your bill.

We will assist in most cases with the preauthorization process and obtaining a referral. Failure to obtain the referral and/or preauthorization may result in a lower payment from the insurance company, or non- payment. You may be responsible for payment for services in this case.

CASH PAYMENT DISCOUNT

Cash Payment or Fee for Service arrangements are for those patients choosing to not to have Pelvic Wellness Center bill insurance directly for services rendered. Our fee for a visit is \$135.00 per visit for 45 minutes to one hour session, due at the time of service. You may request a superbill to submit to insurance for reimbursement. Pelvic Wellness Center does not guarantee or assist with any "out of network" submissions beyond providing a superbill.

CHANGES IN YOUR INSURANCE

We cannot bill your insurance unless we have the most accurate information from you regarding your insurance coverage. It is your responsibility to inform us immediately of any changes if you would like us to bill insurance. Failure to do so may result in denial of coverage. You will be responsible to pay full balance.

PAYMENTS

You are responsible for payments of all co-payments, deductibles and co-insurances associated with your plan for physical therapy. Co-payments are due at the time of service. A \$125.00 to \$150.00 payment toward your deductible will be due at the time of your visits.

We aim to provide you with a monthly statement. If you have insurance, balances will be considered current from the date your insurance pays its portion. Unpaid balances beyond 120 days may be referred to collections. **We will work with you to avoid sending your account to collections.**

We accept cash, checks, and credit cards for payment. We reserve the right to charge \$25.00 fee for all returned checks.

Pelvic Wellness Center reserves the right to change or amend this financial policy at any time.

Pelvic Floor Consent for Evaluation and Treatment

Informed consent for treatment:

The term "informed consent" means that the potential risks, benefits, and alternatives of physical therapy evaluation and treatment have been explained to me. The therapist provides a wide range of services and I understand that I will receive information at the initial visit concerning the evaluation, treatment and options available for my condition.

I also acknowledge and understand that I have been referred for evaluation and treatment of pelvic floor dysfunction. Pelvic floor dysfunctions include, but are not limited to, urinary or fecal incontinence, difficulty with bowel, bladder or sexual functions, painful scars after childbirth or surgery, persistent sacroiliac or low back pain, or pelvic pain conditions.

I understand that to evaluate my condition it may be necessary, initially and periodically, to have my therapist perform an internal pelvic floor muscle examination. This examination is performed by observing and/or palpating the perineal region including the vagina and/or rectum. This evaluation will assess skin condition, reflexes, muscle tone, length, strength and endurance, scar mobility and function of the pelvic floor region

Treatment may include, but not be limited to the following: observation, palpation, vaginal or rectal sensors for biofeedback and/or electrical stimulation, ultrasound, heat, cold, stretching and strengthening exercises, soft tissue and/or joint mobilization and educational instruction.

Potential risks:

I may experience an increase in my current level of pain or discomfort, or an aggravation of my existing injury. This discomfort is usually temporary; if it does not subside in 1-3 days, I agree to contact my therapist.

Potential benefits:

I may experience an improvement in my symptoms and an increase in my ability to perform my daily activities. I may experience increased strength, awareness, flexibility and endurance in my movements. I may experience decreased pain and discomfort. I should gain a greater knowledge about managing my condition and the resources available to me.

Alternatives:

If I do not wish to participate in the therapy program, I will discuss my medical, surgical or pharmacological alternatives with my physician or primary care provider.

Cooperation with treatment:

I understand that in order for therapy to be effective, I must come as scheduled unless there are unusual circumstances that prevent me from attending therapy. I agree to cooperate with and carry out the home program assigned to me. If I have difficulty with any part of my treatment program, I will discuss it with my therapist.

No warranty: I understand that the physical therapist cannot make any promises or guarantees regarding a cure for or improvement in my condition. I understand that my therapist will share with me her opinions regarding potential results of physical therapy treatment for my condition and will discuss all treatment options with me before I consent to treatment. I have informed my therapist of any condition that would limit my ability to have an evaluation or to be treated.
